Albina Asllanaj
Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a proven track record of creating and implementing successful front end web applications. Looking to bring my skills to a forward-thinking tech company and contribute to innovative projects that push the boundaries of web development.

WORK EXPERIENCE

Web Developer and Project Lead at WebServes | New York

October 2022 — Present
- Crafted and constructed the website's front-end
- Using React.js, designed and implemented responsive user interfaces
- Developed Themes, custom posts, and generating plugin
- Converted layout and wireframes into functional HTML pages
- CSS and API integration for enhanced UI functionality
- Monitored performance and created clean, logical and reusable code

Recent Projects:

Travelia– Responsive web application focused on travel exploration. Includes features such as destination details, interactive maps, user reviews, and social media sharing capabilities

JavaScript, HTML, CSS, GitHub

Popcorn Preview – Allows users to effortlessly search for their favorite movies, access comprehensive movie details and reviews, and watch trailers all in one place.

React.js, GitHub

Meditation Station– Your personal oasis for serenity, offering a variety of soothing sounds and customizable meditation durations to help you find tranquility and relaxation

JavaScript, HTML, CSS, Bootstrap, GitHub

Other Projects: Waves Music App, COVID-19 tracker, Meditation Station, Recipe Finder, React Weather App and many more

Design Project Manager at Castle Home Improvement | New York

January 2019 — January 2023 **Design Project Manager**

Developed architectural plans, layout designs, client contracts, and managed labor expenses using sale data analysis. Managed a workforce of 12-20 team members to ensure the timely execution of projects.

March 2017 — January 2019 **Executive Assistant**

Streamlined cross-functional troubleshooting to uphold project schedules, implemented Excel-based management system and provided training for new hires to enhance team productivity.
